

GUÍA N°5 DE APRENDIZAJE 1° BÁSICOS

Comprender la adición y la sustracción como operaciones presentes en la vida cotidiana.

Resuelve las siguientes
adiciones

$$\begin{array}{ccc} \begin{array}{c} \text{3} \\ + \\ \text{1} \end{array} & = & \begin{array}{c} \text{4} \\ \square \end{array} \end{array}$$

$$\begin{array}{ccc} \begin{array}{c} \text{4 hearts} \\ + \end{array} & \begin{array}{c} \text{1 heart} \\ = \end{array} & \begin{array}{c} \text{5 hearts} \end{array} \end{array}$$

$$\begin{array}{ccc} \begin{array}{c} \text{Two red gifts with white polka dots.} \\ \text{The first gift is divided into two equal parts.} \end{array} & + & \begin{array}{c} \text{Two red gifts with white polka dots.} \\ \text{The second gift is divided into two equal parts.} \end{array} \\ \hline \begin{array}{c} \text{Four red gifts with white polka dots.} \\ \text{Each gift is divided into two equal parts.} \end{array} & = & \begin{array}{c} \text{Four red gifts with white polka dots.} \\ \text{Each gift is divided into two equal parts.} \end{array} \end{array}$$

A visual addition problem. On the left, there is a girl with pigtails and a red dress, followed by a plus sign. To the right of the plus sign is a group of three children: a girl with a ponytail in a red dress, a boy in a light green shirt and red shorts, and a boy in an orange shirt and green shorts. They are all holding hands. To the right of the group is an equals sign. To the right of the equals sign is a group of four children: the girl from the first group, the three boys from the second group, and a boy in a light green shirt and red shorts. All children are holding hands.
